

NDIS: Bringing Your Plan to Life

Our *Bringing Your Plan to Life* workshop is being provided to empower participants and carers to better understand their NDIS plan and maximise the benefits it provides.

This workshop will develop your understanding of an NDIS plan and accessing the funding in your plan. It will also give you an opportunity to ask further questions and meet other NDIS participants/carers.

Topics for discussion include:

- The three funding categories (core, capital and capacity building)
- The type of services and supports which can be funded out of each category
- The difference between mainstream, community, informal and funded supports
- The NDIS Price Guide: What it is and how to use it
- An introduction to 'My Portal' – the online portal available for NDIS participants

Dates: Thursday, 17 May

Time: 1pm-2.30pm

Address: Roma Library, 34 Hawthorne Street
